# Gambaran Umum

LibreOffice Conf Asia x UbuCon Asia 2023 (selanjutnya akan disebut LOUCA23) merupakan acara yang mempertemukan aktivis, kontributor, pengguna, komunitas, dan pebisnis Linux dan Open Source Software (OSS) di kawasan Asia, utamanya yang berkaitan dan berfokus pada proyek LibreOffice dan Ubuntu. LOUCA23 akan disajikan dalam format kegiatan lokakarya, keynote, presentasi paralel, diskusi dan kegiatan lain yang berkaitan dengan LibreOffice dan Ubuntu. Selain itu, topik-topik tentang perkembangan teknologi OSS yang mencakup Linux dan hardware, grafis dan multimedia, komunitas dan kontribusi, administrasi sistem, cloud IaaS dan PaaS, Internet of Things (IoT), desktop environment, office dan produktivitas, keamanan, pendidikan, sains dan engineering, pengembangan software, juga akan mewarnai kegiatan ini. LOUCA23 akan akan diselenggarakan Indonesia tepatnya di Universitas Sebelas Maret (UNS) Kota Surakarta, Jawa Tengah dan menasarkan partisipan sebanyak 500 orang yang berasal dari kalangan pelajar/mahasiswa, akademisi, profesional, lembaga pemerintah, LSM, komunitas dan penggiat open source dan perusahaan.

# Activities Overview

LibreOffice Conf Asia x UbuCon Asia 2023 (LOUCA23) is an event organized by the LibreOffice ID Community and Ubuntu ID to bring together Linux and Open Source Software (OSS) activists, contributors, users, communities, and businesses in the Asian region. There are several types of activities that will be held at LOUCA23, including; (a) workshop activities, (b) keynotes, (c) parallel classes, (d) panel discussions and other activities related to LibreOffice and Ubuntu. Discussion topics on OSS technology developments that include Linux and hardware, graphics and multimedia, community and contributions, system administration, IaaS and PaaS clouds, Internet of Things (IoT), desktop environment, office and productivity, security, education, science and engineering, as well as software development, will also color this activity. LOUCA23 will be held in Indonesia to be precise at the Sebelas Maret University (UNS) Surakarta City, Central Java. This event will target as many as 500 participants from students, academics, professionals, government agencies, NGOs, communities and open source activists and companies.

# Tujuan Kegiatan

LOUCA23 digelar sebagai kontribusi aktif komunitas LibreOffice Indonesia dan Ubuntu dengan mempertemukan para pakar dan praktisi, entitas bisnis, lembaga, pegiat, kontributor, serta pengguna LibreOffice dan Ubuntu untuk berdiskusi dan berbagi pengetahuan secara langsung. Kegiatan ini diharapkan dapat memberikan kebermanfaatan baik dari sisi pengetahuan, relasi, finansial, dan lain sebagainya untuk para partisipan yang terlibat secara langsung selama proses kegiatan.

Selain itu, LOUCA23 juga diharapkan mampu untuk menjadi pemantik semangat dan melahirkan kontributor-kontributor baru utamanya untuk proyek open source LibreOffice dan Ubuntu. Hal ini sekaligus bentuk kontribusi aktif komunitas LibreOffice Indonesia dan Ubuntu untuk meningkatkan wawasan kepada masyarakat umum serta mencerdaskan kehidupan bangsa dalam ranah teknologi.

# Activity Purpose

LOUCA23 was held as a form of active contribution from the LibreOffice Indonesia and Ubuntu communities by bringing together experts and practitioners, business entities, institutions, activists, contributors, and users of LibreOffice and Ubuntu to discuss and share knowledge directly. This activity is expected to provide benefits in terms of knowledge, relationships, finance, and so on for participants who are directly involved during the activity process.

In addition, LOUCA23 is also expected to be able to spark enthusiasm and give birth to new contributors, especially for the LibreOffice and Ubuntu open source projects. This is also a form of active contribution from the LibreOffice Indonesia and Ubuntu communities to increase insight to the general public and educate the nation's life in the realm of technology.

# Bentuk Kegiatan

Secara umum, format kegiatan LOUCA23 ini berupa seminar, diskusi, berbagi singkat, serta lokakarya dengan durasi terbatas. Selain itu, untuk menyongsong kegiatan LOUCA23, kami juga mengajak para komunitas open source lokal untuk turut aktif mengadakan Roadshow LOUCA23 yang berupa pertemuan-pertemuan atau lokakarya dengan skala kecil maupun besar yang digelar di masing-masing kota sebagai bagian dari rangkaian kegiatan sebelum LOUCA23.

# Form of Activities

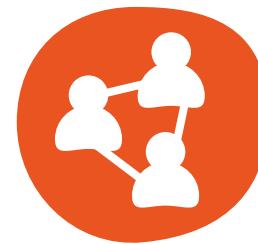

In general, the format of LOUCA23 activities is in the form of seminars, discussions, short sharing, and workshops with limited duration. In addition, to welcome LOUCA23 activities, we also invite local open source communities to actively participate in organizing LOUCA23 Roadshows in the form of small and large-scale meetings or workshops held in each city as part of a series of activities before LOUCA23.
